Single cycle degree (6-years)

Medicine and Surgery

A recently activated course aiming to train doctors with a **holistic vision of individuals**, attentive to the issues of **health promotion, preventive medicine** and **global health**, enhancing the international scope of the medical position, addressing an audience of **international students**.

Occupational opportunities:

- Public and private clinics;
- Hospitals and specialized centers;
- Universities and research centers;
- National and international health and humanitarian organizations.

ETCS: 360

Access: Restricted

Places available:

- 48 EU and non-EU citizens legally residing in Italy;
- 15 non-EU citizens residing abroad.

Second cycle degree course (2-years)

Medical biotechnologies

The course teaches methods and instruments of **biotechnology for the prevention, diagnosis and therapy of human diseases**.

You will deal with the relationships between the **structure and function of biomolecules** and **biosystems** operating at the cellular, tissue and human body level, in physiological and pathological conditions.

Occupational opportunities:

You may work as a freelance professional or as a specialist in advanced instrumentation within the research and diagnostics field or in analysis laboratories.

Two curricula available:

- Medical Biotechnologies
- Molecular Medicine (*Joint degree* – University of ULM)

ETCS: 120

Access: Restricted

Places available: 99 EU citizens only

Second cycle degree course (2-years)

Pharmaceutical biotechnologies

Occupational opportunities:

You can work in research laboratories or collaborate with public or private organizations in the biotechnological-pharmaceutical sector, dealing with research, design, production and formulation and analysis of innovative and biotechnological drugs, but also with quality control in the biomedical, diagnostic and nutritional fields.

The course meets the needs of **modern pharmaceutical research**, preparing professionals with a solid knowledge in the **pharmaceutical and technological fields** typical of biopharmaceuticals, combined with an **in-depth training** in molecular biology, structural biochemistry, genetic engineering and protein engineering, as well as **specific technical and regulatory expertise** in problems related to research, development, control and advice about newly developed drugs.

ETCS: 120

Access: Restricted

Places available: 64 EU citizens only

During your stay you will have the opportunity to carry out your **PRACTICAL TRAINING** at **Padova Hospital University**.

We advise that you start from the COURSE CATALOGUE

In Italian: <https://didattica.unipd.it/off/2020>

In English: <https://en.didattica.unipd.it/off/2020>

Educational offer: select your academic year > type of degree course (Bachelor's degree, Master's degree or Single-cycle degree) > School > your degree programme

Course Units: for each course unit, you will find all available information such as the educational aims, the syllabuses and the lecturers' names (as well as their email address contact).

Here you may also find our Catalogue of courses held in English:

<https://en.didattica.unipd.it/catalogues/2020/ME>

Italian Universities use the European Credit Transfer and Accumulation System (ECTS).

1 ECTS = 1 CFU “*credito formativo universitario*”
(about 25 coursework and workload hours)

- 1 academic year= about 60 CFU/ECTS

Study Plan

Now, you must fill out your **Study Plan** in **Uniweb** after the enrolment.

Before doing so, it might be useful to consult with the Tutor of your Department/School.

If you choose courses so-called MODULI (part of CORSI INTEGRATI)

I.e. SPECIALITA' MEDICO CHIRURGICHE 3 (CORSO INTEGRATO)

1. GASTROENTEROLOGIA (**MODULO**)
2. MALATTIE INFETTIVE (**MODULO**)

And you choose **only one MODULO**, than you have to receive the final evaluation to your email from your teacher and forward to international.medicinachirurgia@unipd.it

Exams

- Starting from **January** It's mandatory to sign up for exams using your **Uniweb account**
- You don't have to sign up for classes, but for exams. They will be automatically selected by the system. **Do not forget to subscribe!**
- Check the inscription period: **10 to 4 days before the exam**
- Three 'appelli' (dates) per course per exam session
- **Elective/surplus credits:** elective exams must be chosen among the exams included in the curriculum of your degree programme; surplus credits are optional exams which allow you to acquire extra credits (in addition to the total amount of credits required to obtain your degree qualification).

COVID-19 MEASURES AND ACCESS TO CLASSROOMS

Lessons will be provided in **dual mode**:

IN CLASS

For «in classroom» teaching, the access to classrooms will be monitored through both your Study Plan in Uniweb and the registration to each course unit in the «**MOODLE**» e-learning platform.

If you intend to attend a course unit in presence, please constantly monitor your institutional email account («*@studenti.unipd.it*») to see if there is any communication regarding limitations to the students' attendance in the classroom (due to limited places available, shifts may be established).

If you don't feel well, PLEASE STAY HOME!

ONLINE

The «online» teaching will be provided via «**MOODLE**» e-learning platform or via «**ZOOM**» meeting.

What is

The Moodle logo, which consists of a stylized white arrow pointing to the right, followed by the word 'moodle' in a lowercase, sans-serif font. The logo is set against a dark red rectangular background.

?

It's an e-learning platform through which professors make available to students teaching material, publish information about the course and lessons, assign tasks, exercises, tests and more.

YOU MUST REGISTER IN MOODLE IN EACH COURSE UNIT YOU ARE GOING TO ATTEND!

The list of all e-learning platforms is available here:

<https://www.unipd.it/en/elearning>

But we recommend that you access from the course catalogue, because it's easier!

- Students coming from EU countries can benefit from medical assistance in Italy thanks to the European Health Insurance Card (EHIC, in Italian “TEAM”) issued by the competent health institution in your country of residence.
- The EHIC gives you access to the National Health Service for “urgently needed medical treatments” during temporary stay.
- You can voluntarily register in the National Health Service. The voluntary registration entitles you to benefit the Italian healthcare services like Italian citizens do; it is valid for one calendar year (from 1st January to 31st December); the payment is not divisible and you cannot apply retroactively.

<https://www.unipd.it/en/healthcare-EU>

Non-European students must hold a valid medical insurance in order to apply for their residence permit. The medical insurance can be obtained through:

- private insurance
- voluntary registration in the National Health Service
- EHIC (only for students residing in a EU country)

For further information please read the Guide to Health services released by the Veneto Region, which is available online in multiple languages:

SPORT

The Padova University Sports Centre (CUS) offers many opportunities to take part in sports, competitive and amateur alike, at the two structures located in Via Giordano Bruno and Via Jacopo Corrado. In addition to services for payment, there are "no pay" activities for which the Centre makes its facilities available free of charge to users during set time slots, typically the track and field arena, 5-a-side football pitch, and tennis, volleyball, basketball and handball courts.
